Gopal's Glorious Gang

Based on the teachings of
His Divine Grace A. C. Bhaktivedanta Swami Srila Prabhupada

Gopal's Glorious Gang (GGG) is a program for children over 4 years aimed towards providing holistic education by inculcating values, life-oriented skills and competencies to help build a life of character and integrity. The program is designed on the basis of books written by His Divine Grace A C Bhaktivedanta Swami Srila Prabhupada, the Founder Acharya of the International Society of Krishna Consciousness. These books teach the timeless Vedic science with stories and activities that help children develop character and personality from an early age.

Why Gopal's Glorious Gang

As parents we want to give the best to our children, protect them from harmful influences and facilitate their all- round growth so that they blossom into a balanced individual. Modern society has discovered that beyond physical needs children have emotional and social needs. Studies confirm that a spiritually guided child is well equipped to counter harmful influences and confidently face the tensions of modern life. Therefore, GGG aims to provide spiritual education a loving environment where children are nourished with care and devotion. Our lessons are taught in a fun-filled interactive way through presentations, stories, games, music, visual art, drama, dance, and projects that help children develop character and personality.

Mission

To help children lead a balanced life, taking care of their mind, body and soul with Sri Sri Gaura Nitai and Srila Prabhupada in the centre.

Goals

1. To teach the Vedic culture, tradition and profound spiritual and ethical values in a manner in which children can connect and appreciate
2. To learn scriptural slokas and stories
3. To teach the practical application of Vedic culture in daily life.

These goals will be achieved in a hands-on manner so the children will enjoy themselves while gaining valuable spiritual knowledge. We want them to be proud of their Vedic heritage while providing peer support through associating with others of similar beliefs and practices.

Curriculum

Our curriculum is predominantly based on the philosophy of *Bhagavad Gita* and *Srimad Bhagavatam*. The curriculum provides a well-rounded, hands-on way of learning spiritual values and practices. It encompasses reading, writing and critical thinking skills and includes many educational activities such as word searches, language puzzles, art activities and songs to accommodate a range of different learning styles. For most courses, the students will receive a workbook, which is full of wonderful stories and activities. They can be discussed with all family members.

Age Divisions

The children are divided into age groups. Each age group has its own set of books/programs designed for that particular age group. Each group is called one of Krishna's names. They are as follows:

Little Vaishnava	4 years
Gopal	5 years
Madhava	6 to 7 years
Damodar	8 to 9 years
Keshava	10 to 12 years
Teens	13 years and above

Children join a group according to their age and other relevant factors as decided by the teacher and stay in that class for the entire year. Age groups will be combined at the discretion of the program coordinators, if there is not sufficient number of children in a particular group.

Structure

- Each school year is comprised of FOUR terms based on QLD school term dates.
- Each term is composed of around NINE weeks.
- Classes are held every Sunday during the nine weeks from 9 30 to 11 00 am at Centenary State High School, JS Block, 22 Curragundi Road, Jindalee Qld
- If the classes are cancelled/rescheduled due to any reason, you will be notified through the WhatsApp groups.

Fees

A fee is \$240 per child for the full school year is payable at the start of the year, at the time of registration.

Registration

Registration can only be made before the start of any term. The registration form should be completed and fees paid before the start of the term. A separate registration form must be completed for each child if more than one child is being registered.
